

Preparing Visual Materials

Objectives

- Construct entity relationship diagrams that demonstrate industry conventions
- Prepare tables and visuals that support the database documentation
- Demonstrate and provide examples of table formatting for database documentation

Try It / Solve It

Preparing Visual Materials

1. Take time to reflect on the progress of your group activity. In one paragraph describe your group efforts to this point. Include information on the roles of each group member. Provide feedback on group member activity and the impact it is having on the success of the group visual material development.
